## HUNGER FREE SCHOOLS (MARCH-DECEMBER 2020)<sup>3</sup>

Federal Nutrition Program	Total Meals Served	Breakfasts Served	Lunches Served	Suppers Served	Snacks Served	Average # Participants /Day
Summer Food Service Program (SFSP)	786,287	385,120	401,167	0	0	4,060
Child and Adult Care Food Program (CACFP)	199,412			117,215	82,197	12,515

Following school closures in March of 2020, meals were primarily distributed through the SFSP. As of March 2021, out-of-school meals are still being provided at SFSP sites. Pre-pandemic the SFSP operated from June to August. The SFSP data were collected from March 2020 to December 2020 and are not representative of a full school year. Exactly 4,150 CACFP meals have been served to 297 participants through non-public school providers. The CACFP county-level data do not account for providers that operate sites within multiple counties; these data are represented in the Maryland state CACFP measurements.

### Community Eligibility Provision (CEP): **53.02%** of Identified Student Percentage (ISP)

CEP allows schools to offer free meals to all students.

Districts or schools can participate if at least 40% of their students are "directly certified" to receive free school meals.

CEP data is based on School Year 2020-2021 data. The utilization of CEP has increased by 7.6% since last year.
